# BalanceXtend

BalanceXtend contains 120 capsules

**RECOMMENDED DAILY DOSE:** Take 4 tablets with meal. Do not exceed daily dose.

**STORAGE:** Store in a dark dry place at room temperature or in refrigerator.

**NOTICE:** Accidental overdose of iron containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of the reach of children. In case of accidental overdose, call a doctor or poison control immediately. Doctor should be consulted before pregnant women or child takes BalanceXtend.

## FAQ Xtend

### Why should I take Xtend?

It compensates for the modern diet, which is depleted in most of the micro- and photo-nutrients needs for optimal health.

### Are there any people who should not take Xtend?

No.

### Xtend contains vitamin K. Is this a problem for people on blood thinning drugs?

The K in Xtend will compete with anti-K anticoagulant drugs, so it is important to tell your doctor. By taking K regularly, in a supplement, the variability in drug effects is reduced, which will be helpful to the doctor. As they should be monitoring your blood clotting time, they can slowly increase the dose of their medication as Xtend gradually returns your nutritional status to normal.

### Are the ingredients natural?

Yes.

### Is there proof that it helps?

Go to [pubmed.com](http://pubmed.com). There you will find thousands of research papers which show that the individual ingredients in Xtend have many different health benefits.

### Is it just a standard multivitamin?

Xtend is so much more. It contains all the important vitamins and trace elements, but it combines them with a full spectrum photo-nutrient program and advanced immune support.

#### NUTRIENT DECLARATION

Serving Size 4 Tablets  
Serving per Container 30

Amount per Serving		% DV*
Vitamin A	2500	IU50 %
Vitamin C	90 mg	150 %
